## PRODUCT UPDATE

### Series 7208E, 7213E, SWC509, 7307, 7311 and 7311XT Oil Field Hose *Compatibility with Refined Fuels*

The current catalog descriptions of subject products include a note that reads:

“Do not use with refined oil or fuel.”

These hoses are not intended to transfer undiluted solutions of diesel fuel, fuel oil, kerosene or petroleum distillates. However, they are suitable for transferring brine, crude oil, drilling mud, fracking fluids, fresh water, mild chemicals, salt water and slurries that may contain additives such as diesel fuel, fuel oil, kerosene or petroleum distillates that are used as corrosion or freeze inhibitors, or gelling agents.
