## PRODUCT UPDATE

### Gold Label® Aircraft Fueling Hose Update

#### *Industry Standards Update and Catalog Corrections*

Regarding industry standards for aircraft fueling hose: API and BS have agreed to the transfer of responsibility to EI and EN respectively, of a portfolio of aviation fuel handling equipment standards and recommended operational/safety practices. A number of these documents had already been produced and published jointly by the two organizations. Aircraft fueling hose offered by Parker meets required specifications and performance criteria and may reference multiple organization designations during the transition period.
